

SIDDHI PLASTIC INDUSTRIES

We are a quality conscious company and adhere to stringent quality monitoring procedures right from the procurement of the raw material to the final stage of the products. We also ensure that the manufactured range is in accordance with laid production standards and norms. These and other innovative measures assist us in providing end products as per client's specific needs.

INTRODUCTION – Siddhi Plastic Industries

Incepted in the year 2016, we, Siddhi Plastic Industries are ranked amongst the esteemed Manufacturer of Nursery use plastic Products like Nursery Polybag, Compostable Bag, Poly sheet, Tree guard, Root Trainers Tray & Stand, Sericulture Mountages and allied products

Our offered products are highly acknowledged and demanded their superb efficiency, lightweight, simple to operate, robust construction, precise dimensions, excellent performance and easy maintenance.

These products are in conformity with the global guidelines as these are designed and manufactured under upgraded production techniques. Apart from this, our customers can get these products as per their modified specifications within the assured time period. We have supported with a contemporary infrastructure spread across the wide area, which is handled by a squad of industrious professionals.

Our professionals are highly familiar and have essential knowledge in designing and manufacturing quality assured a range of products. Our professionals are highly dedicated to the company's target of achieving complete satisfaction to the customers.

We conduct different rigorous quality checks before delivering the products at customers' premises in order to ensure their reliability and long-lasting nature. Furthermore, with the aid of our extensive distribution network, we are able to deliver our products within the assured time period.

Why Choose Us?

We strive hard to provide our customers with supreme quality products at economical prices within the promised time frame. We have developed a reliable distribution network in order to deliver our products timely in a hassle-free manner. Owing to our exclusive range of products, we have become the prime choice of our customers.

Below listed are some of the factors that enable us to attain the trust of our customers:

- 1. Experienced professionals**
- 2. Modular infrastructure**
- 3. Industry leading rates**
- 4. International quality values**
- 5. Pocket-friendly rates**

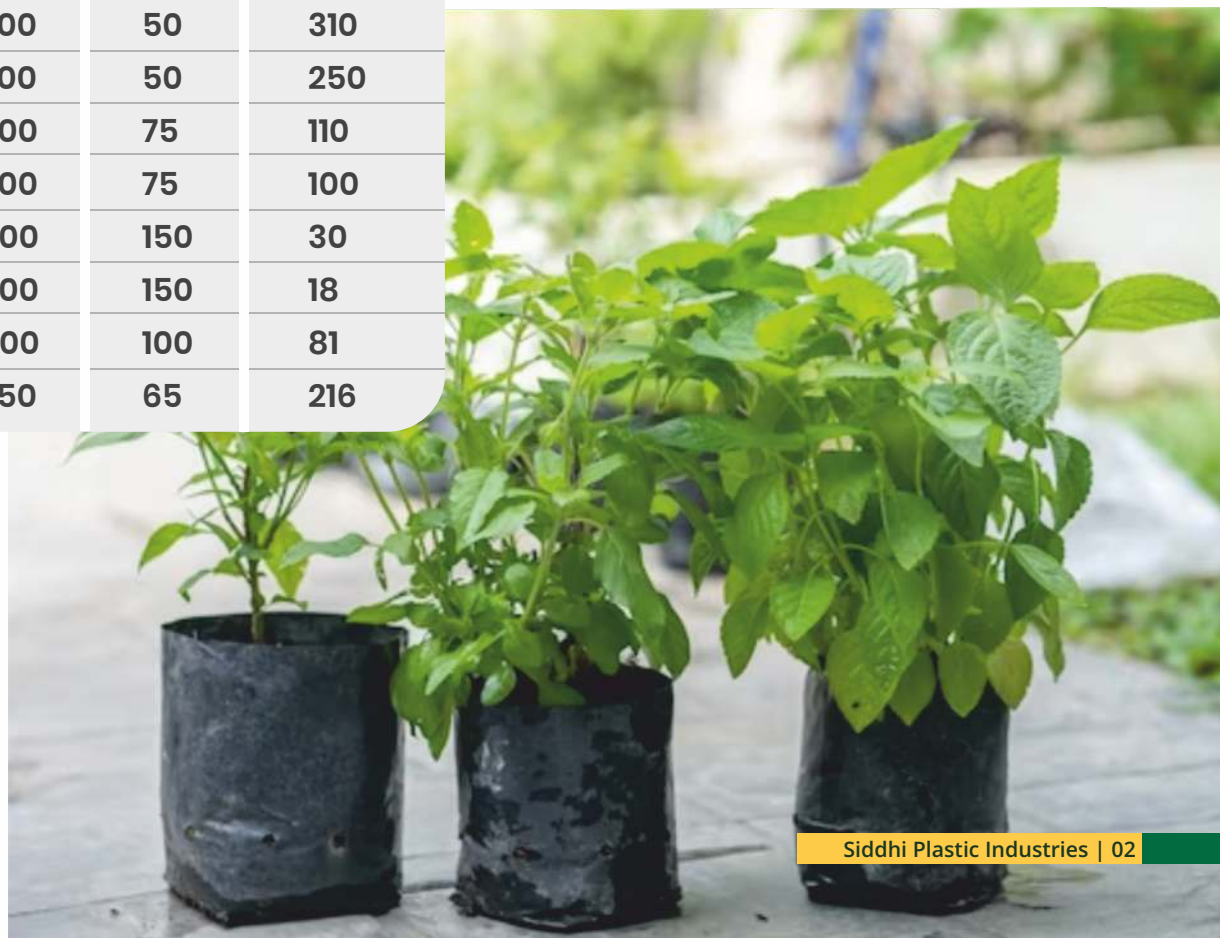

We conduct different rigorous quality checks before delivering the products at customers' premises in order to ensure their reliability and long-lasting nature. Furthermore, with the aid of our extensive distribution network, we are able to deliver our products within the assured time period.

POLY SHEET ROLL

Our LDPE sheets and films are manufactured on latest extruders with a wide width capacity upto 30 feet. Prime grade raw material is used for homogenous quality finished film with maximum strength and elasticity. The Film range based on guidelines of BIS: 2508-1984 is available in black and other colours in thickness ranging from 50 microns to 1500 microns upto 9 meters width. Films are supplied in Roll/Thaans form packed in corrugated paper and rope for safe handling and transportation.

MATERIAL : HDPE
COLOR : Black
THICKNESS : 100 - 500 microns
PACKAGING TYPE : Roll
PATTERN : Plain
COATED TYPE : PE Coated

Features:

Endurable finish
Highly durable
Moisture resistance

Underlay for Sugar, Cement, Tea, Fertilizers and various other product

Covers for Food grains, Cotton Paddy, Temporary Shelter and General Coverage

Industrial packaging, Machinery wrapping, Linings, Tarpaulins Civil Construction work, Water/Damp proofing of all types of roofs, flooring,

Construction site dwellings, Road work

Durability: Our LDPE Sheets are strong and long lasting

Weather ability: It is resistant to High Outdoor Temperature and winter conditions

Economy: Its homogenous structure and high accuracy of standards results in optimum use and high coverage

Water proof: 100% water and moisture proof

Germination tray

Seeding Tray

ROOT TRAINER

Specification:

- **Cavity** : 40 cell
- **Capacity** : 93/100cc
- **Weight** : 750gm ± 10gm
- **Material** : HDPE/pp

Specification:

- **Cavity** : 24 cell
- **Capacity** : 150/200cc
- **Weight** : 750gm ± 10gm
- **Material** : HDPE/pp

Specification:

- **Cavity** : 12 cell
- **Capacity** : 350/300cc
- **Weight** : 750gm ± 10gm
- **Material** : HDPE/pp

Specification:

- **Cavity** : 20 cell
- **Capacity** : 150cc
- **Weight** : 750gm ± 10gm
- **Material** : HDPE/pp

Specification:

- **Cavity** : 300/400/600cc
- **Color** : Black
- **Size in inch** : 2" x5"
- **Material** : HDPE/pp

Specification:

- **Model** : 12 Tray & 2 Tray
- **Material** : MS Stand
- **Color** : Black

TREE GUARD's

Siddhi Plastic's Tree Guard is an ideal solution for tree protection. These unique DIY Tree Guards are used to provide protection to the small plants from animals and other unwanted harms. They meet all quality standards, are better than conventional mesh structures, and are light in weight and easy to install.

PLASTIC NET

COLOR : Black,
HOLE SHAPE : Hexagonal
FORM : Net
NET TYPE : Knotless net
MATERIAL : 20% - 95%

SIZE : 11 folds (corrugated) and 0.9 mtrs width
APERTURE SHAPE : Diamond
APERTURE SIZE : (18* 20) +2
COLORS : Black / green
PACKAGING : 80 pcs. Per bundle of hdpe/pp woven sack
FEATURES : Easy to clean, Long lasting, Environment friendly

SERICULAR NET

PLATIC NETRIKA

COLOR : Green, Black, Yellow
HOLE SHAPE : Hexagonal
SIZE : 0.9 meter x 1.82 meter, 11 fold corrugated on one side with 10 fold on another
FORM : Mesh
FEATURES : Formation in the sericulture industry by silk farmers. Cleanable and reusable
MATERIAL : Plastic

COLOR : Green, Yellow, Black
HOLE SHAPE : Hexagonal
Brand : Planet
FORM : Mesh
FEATURES : Used in cocoon formation in the sericulture industry by silk farmers, cleanable and reusable
MATERIAL : HDPE
Height : 70mm
Weight : 345gm

CHANDRIKA NET

ANTI BIRD NET

FEATURES : Optimum quality Dimensionally accurate Tensile strength
WIDTH : 2m/3m/50m
LENGTH : 10m/20m/50
MESH : 15mm X 15mm
COLOUR : Black / Green
SHAPE : Diamond

FEATURES : Fine finish Precise design Excellent quality
MATERIAL : HDPE
COLOR : Black
LENGTH : 1m, 2m, 3m, 4m, 5m, 10m
WIDTH : Less than 20m
HOLE SHAPE : Diamond
